BOND ISSUE BEATEN

LACK 69 VOTES OF HAVING TWO-THIRDS MAJORITY.

JOHNSON WAS ELECTED

City Police Judge Over Judge Morris by 103 Majority—Total Vote Cast Was 557.

At the special election held Tuesday the city city hall bond issue was defeated by 69 votes. While the bond issue received a majority of 47 votes, it is necessary to have a two-thirds majority before it carries. The vote on the new city hall was quite a surprise, as many thought that the proposition would not even get a majority of the votes. The bond issue received a majority in every ward except the Third, where it was defeated badly.

Squire J. W. Morris was defeated by Judge W. L. Johnson for police judge by 103 votes. Morris was the candidate of the Non-Partisan League, while Johnson was running as an independent candidate.

The total vote cast was 557.

The vote by wards follows:

First ward—Increase of debt, yes 83, no 47; W. L. Johnson 78; J. W. Morris, 49.

Second ward—Increase of debt, yes 56, no 30; W. L. Johnson, 45; J. W. Morris, 37.

Third ward—Increase of debt, yes 45, no 90; W. L. Johnson, 94; J. W. Morris, 38.

Fourth ward—Increase of debt, yes 118, no 93; W. L. Johnson 113; J. W. Morris, 103.

Total vote—Increase of debt, yes 302, no 255; W. L. Johnson, 330; J. W. Morris, 227.

RAINES BROTHERS' OPENING FRIDAY

The opening of Raines Bros.' new location for their jewelry store on West Third street will be held Friday afternoon from 2 to 6 o'clock. The West Third street place is well lighted, which is a splendid advantage in showing their beautiful and elegant jewelry, cut glass, silverware, china and Rookwood pottery. The handsome plate glass cases and counters are finished in mahogany, and all the other furniture of the store is in the same wood, the dark green walls making a handsome background.

The work room at the back of the store is a marvel of convenience, every facility for work being right at hand in cabinets specially built and arranged for their use.

Right above the work room is the optical room, that has also been fitted and lighted especially for their optical tests, and they are better equipped now for this and all other lines of their work than they have been at any time before, and their store is certainly one of the nice business places around town that can be pointed to with pride.

LOST IN THE NINTH

ANOTHER GAME LOST BY A BONE-HEAD PLAY AND AN ERROR.

COWLEY ON FIRING LINE

Auburn Wins from Clarinda and Nebraska City Takes Game from Falls City.

The daily error at the critical moment and an awful bonehead by Larke gave Shenandoah the winning run in yesterday's game at Riffe's.

The show was started with Cowley on the mound, and he certainly fooled the fans. He handed over some good curves and a change of speed that fooled the Oaks right along. It was better stuff than Corcoran was able to dish up. A serious comedy stunt was pulled off twice with the "umps" in the role of Diaz and Shenandoah insurrecting to beat the band. It was great rag chewing and lasted about thirty minutes altogether.

The tally keeper was put on his job at the start. Two singles and Wintz's failure to get the throw from center put one on the credit side of Shenandoah's ledger. The Comets succeeded in getting a hit via Dietz in their half, but could put nothing more over. Two more rounds were fought to a draw with Shen's lone tally still in the limelight. The Comets had men on third in both innings, but failed to connect. The last of the fourth rolled around to have the knot secured. Walsh's foul was caught by Castle. Wintz and DeCamp singled. DeCamp was forced out at second on Black's grounder, and McBride singled, scoring Wintz. Bridges scratched a single, but Cowley chopped out. With Sackett safe on first and two down, Wintz singled and DeCamp drew a pass. Black flied out and the fifth was over.

Now comes the first battle of the revolution, and it was enough to make the Mexicans ashamed of themselves. With men on first and second, Wells pounded a screamer toward third base, which landed just inside the line, so everybody thought. The umpire called it foul and trouble began. Some ten minutes later playing was resumed. Wells hit again. Castle fanned but the ball got past Dietz, hitting the grand stand and scoring one more. McBride tripled, Bridges fanned and Cowley bunted. McBride was chased back and forth between third and home, but succeeded in spiking the plate safely, tieing the score again.

The fatal ninth at last rolled around, filled with boneheads and battle No. 2 of the bitter war. Denison hit a hot one to right and Larke, who was down in that field playing catch, stopped the ball. Denison made third on what would have been only a two-base hit, and wanted home, claiming to have reached third before the ball was in the box. The "umps" was sole judge in the beautiful and gentle debating contest which took place, lasting some fifteen or twenty minutes. He refused to let Denison score, and Shenandoah protested the game. In another moment Sackett made a unforgivable error, costing Maryville the victory.

Davidson, who has been umpiring the Shenandoah series, has been released by President Carey of the Mink league.

According to the new schedule which will be in Maryville tonight, Maryville will play at Clarinda, Ia., on Monday, Tuesday and Wednesday, instead of Clarinda playing at Maryville.

Guessing at Glasses

Is more dangerous than guessing at most anything else in the world. If relief from the errors of vision is to come through the wearing of glasses, it is all important that those glasses shall be adjusted according to the measurements of the most modern appliances. Choosing glasses by simply trying them on cannot be too strongly condemned. Absolute accuracy is essential, and absolute accuracy is what we offer you. THE DEMOCRATS OFFER THE RELIEF.

"The farmer, the housewife and the average man on the street," truthfully asserts the Keokuk Constitutional Democrat, "will be beneficiaries if the tariff concessions planned by the Democrats for the present session of congress are enacted into law.

"The list contains plows, harrows, mowers and other agricultural implements, boots and shoes and saddlery, wire fencing and bailing wire, cotton bagging and ties, rough sacks and burlap, salt, flour and dressed meats, rough and dressed lumber except hardwood, sewing machines.

"Many of these items supplement the Canadian treaty, which, Democrats admit, is drawn too much in the interest of United States manufacturers who want the Canadian market without sacrificing a portion of the protection which they enjoy in the American market. Free cotton bagging and cotton ties have been demanded in the south for years. Free shoes, free flour and meats, salt, lumber and free sewing machines are designated in the interest of the general public.

"Handicapped by a Republican president and senate, the Democrats may not be able to secure all they desire, but they will at least put the matter up to the Republicans and go on record so the people may know where the party stands and will have a chance to pass on the policies at the next election. It is the desire of the leaders, however, to get as many of these schedules as possible without compelling the country to carry the burden of them another two years before relief can be secured."

POLITICAL NOTES.

(Written by Democratic Publicity Bureau.)

O no, Miss Innocence, Uncle Sam didn't buy his national songs—only in Missouri are there folks who attempt that sort of things.

* * *

Republican aspirants for state offices are making pilgrimages to Jefferson City these days to supplicate Boss Hadley to put them on his slate, or suffer them to try for the nomination in the primary. It is pitiful to witness the flunkeyism of the average Republican politician. But then there is some excuse for their subserviency to Hadley—they know what happened to the Hon. N. T. Gentry for presuming to seek office without Hadley's consent.

* * *

Governor Hadley thinks St. Louis should be given a larger representation in the state senate. Our distinguished governor has always attempted to take care of the corporation-ridden metropolis, for the reason that corporation votes and brewery money elected him. The people of Missouri, regardless of party, feel that St. Louis should not be granted any additional power in the legislature. The average St. Louis member has no consideration for the great and diverse interests of the state at large. He votes and works in the interest of the corporations and Mr. Hadley can hardly convince the people of Missouri that Messrs. Major and Roach were wrong in denying additional representation in the senate to the St. Louis corporations and big business interests.—Warrensburg Star.

* * *

We notice where a Johnson county farmer brought the scalps of nine wolves to Warrensburg one day last week. Governor Hadley, it will be remembered, vetoed the appropriation to pay for wolf scalps on the ground that the way to drive wolves out was to get immigration in. He then vetoed the immigration bill because the commissioner was liable to be a Democrat. The governor evidently figured that the only kind of new citizens that could drive the wolves out were Republicans colonized for election purposes by a Republican immigration commissioner.

How Those Mexican Names Should Be Pronounced.

Some of the words that were frequently used in the dispatches from Mexico are pronounced, as nearly as can be indicated by letters, as follows:

Agua Prieta (Blackish Water)—"Ahgwah Pree-a-tah," both accented on the next to the last syllable.

Ciudad (City)—Pronounced "Swedah," accent on last syllable.

Juarez—"Whah-race," accent on first syllable.

Hauchuca—"Wah-choo-ka," accent on second syllable.

Chihuaha—"Che-wah-wah," accent on second syllable.

Rio Grande (Great River)—"Ree-o Grahnde," both words accented on first syllable.

Guadalupe—"Gwad-dah-loo-pe," accent on next to last syllable.

El Paso (The Crossing)—"All Posa."

Paso del Norte (The North Crossing, or Pass)—"Pah-so dail Nor-te," all accented on first syllable.

Tierro Blanco (White Land)—"Tee-air-ro Blahnko," both accented on second to last syllable.

Guadalajara—"Gwad-dah-lah-hah-rah," accent on next to last syllable.

Ojinaga—"O-heen-ah-gah," accent on next to last syllable.

Cuchillo Parado (The Ready Knife)—"Coo-chee-yo Pah-rah-do," both accented on next to last syllable.

Rurales (Countrymen)—"Roo-rah-lace," accent on next to last syllable.

Lopez—"Lo-pace."

Garcia—"Garshah."

Madino—"Mah-dee-no."

Rinaldo Diaz—"Ree-nahi-do Dee-ahs."

Gonzales—"Gon-sah-lais," accent on second syllable.

Guerrero—"Gayr-ra-ro," accent on second syllable.

The general rule in pronunciation of Spanish words is to accent the last syllable if it ends in a consonant, but if it ends in a vowel, the next to the last syllable is accented.—Pittsburg Gazette.

Card of Thanks.

We are sincerely grateful to all who have in any way administered to the physical condition, comfort and care of our darling mother, Delila Miller, during the illness and sorrow that was too great for her to bear. With her, we thank you for all your kind words of sympathy in our deep trouble, and we wish to thank you all for your sympathy and aid to us in her sickness and death.—The Miller Sisters and Brothers.

and be happy the rest of your life. There's no satisfaction like that born of the knowledge that you have a home of your own. And if you'll follow our advice and BUILD NOW, you will always be satisfied that you exercised good judgment. We believe this after watching the lumber market for years. Not in years have we been able to offer such excellent grades for all classes of construction—lumber of real quality. This is not bargain counter lumber, for it has a fixed market value, but by keeping pace with the times and buying only from manufacturers who mill with the most improved machinery we have secured absolutely the best values our money could buy. If you're interested we want to figure with you.

CHILDREN'S HAIR.

Keep It Free from Dandruff and It Will Grow Lovely.

Being the best hair dressing for men and women, Parisian Sage is also best for children. Try it once and see how clean and healthy it keeps the scalp.

"My daughter used Parisian Sage on her children's hair, and it is as good as you recommend it to be."—Hannah Anderson, 1021 Divine street, Columbia, S. C.

Here is what a North Dakota woman says:

"Parisian Sage certainly has done my hair a lot of good, and will highly recommend it as a very good tonic for the hair. Have used various kinds of tonics and have found Parisian Sage the best. I have my head free from dandruff now, and it has a healthy luster and has an even color. It used to be streaky. Many of my friends are using it and they speak highly of it."—Mrs. Anna Rooney, 101 Second street, N. Fargo, N. D.

Always bear in mind that there is nothing for the hair that can compare with Parisian Sage. There are many imitations but none of them are guaranteed to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

A large bottle costs 50 cents at the Koch Pharmacy and druggists everywhere. The girl with the Auburn hair is on every bottle.

Left for Dakota.

Mrs. J. R. Morgan and daughter, Catharine, of Sioux Falls, S. D., who have been spending the past month with the families of their relatives, Herman Lowrey and C. B. Redman, of near Hopkins, left over the Wabash Tuesday evening for their home.

WOOL MEASURE IN THE HOUSE

Bill Reported by Democrats of Ways and Means Committee.

PRESIDENT TAFT IS CRITICIZED

Executive Told That His Disapproval of Wool Schedule Would Have Done Some Good Had It Come Earlier. Rap Tariff Board.

Washington, June 7.—Sharply criticising President Taft, the Republicans and the tariff board, the report on the Underwood wool bill was submitted to the house by the Democratic members of the ways and means committee. Quoting President Taft's addresses after the passage of the Payne-Aldrich bill, in which he declared "the woolen schedule is indefensible and I propose to say so," the report says:

"Had the president made these public admissions earlier, while the tariff of 1909 was under consideration by congress, his declarations would have been of real service to the people and would have enabled them to protest against the betrayal of the public welfare to private greed. The president's silence at that time and his approval of the act of 1909, make it impossible for him to evade his full share of responsibility for the failure of revision which he now admits."

Roast for Tariff Board.

The report deals at some length with the attitude of the administration in not communicating to congress data on the "steel trust" and other industries now being investigated, and the failure of the tariff board to communicate data on the woolen industry.

"The position of the tariff board appears to be," says the report, "that they in conference with and under the sole control of the president shall be the sole judges as to what part of the data they collect may be likely to be of service for purposes of legislation and this situation must be considered with refence to the viewpoint of the president concerning tariff legislation.

"It is therefore not impossible that there may be some such delay in the communication to the congress of statistical information collected by the tariff board concerning wool and woolen goods as there has been in communicating to congress or making public the data by the bureau of corporations concerning investigations of the steel and other industries."

The report maintains that any further delay in the revision of the woolen schedule would be objectionable to the public. In explaining the determination of the committee not to put raw wool on the free list, but to reduce the present duty to 20 per cent ad valorem, the committee insists that the act of the Democratic caucus "is not to be construed as an abandonment of any Democratic policy."

ROOT BEFORE COMMITTEE

Unable to Tell Where Proceeds of Picture Voucher Went.

Washington, June 7.—Senator Root was unable to give the house committee which is investigating the state department much information on the disbursement of the $2,450 approved for the payment of a picture of former Secretary Day, for which Artist Rosenthal received $850.

While secretary of state Senator Root said he had the matter investigated. It resulted only in the finding of a paper showing Secretary Hay's approval of the payment of $2,450 from the emergency or "secret" fund. Payment of this amount was made on approval of the secretary without receipts or vouchers.

The committee may never learn where the remaining $1,600 went.

Senator Root told the committee he was convinced former Chief Clerk Michael, now consul general at Calcutta, had reported that the difference of $1,600 had been expended under the direction of Secretary Hay for purposes of which it was not desired to leave a record.

REPORT ON STEEL READY

Facts Gathered by Herbert Knox Smith to Go to President.

Washington, June 7.—A full report on the United States Steel corporation which Herbert Knox Smith, commissioner of corporations, has been three years in gathering, will be laid before the president within the next ten days. The president has been informed what the general outlines of Commissioner Smith's report will be.

On this report and the report of special investigators of the department of justice President Taft and Attorney General Wickersham probably will decide what action, if any, shall be brought against the corporation.

Commissioner Smith's report is founded on investigations which were ordered by former President Roosevelt and which have been continued by direction of President Taft. While government action might be influenced by the report it would not be based on it.

Learn to Think on Your Feet.

It does not matter whether one wants to be a public speaker or not, a person should have such complete control of himself, should be so self-reliant and self-poised that he can get up in any audience, no matter how large or formidable, and express his thoughts clearly and distinctly.

In all ages oratory has been regarded as the highest expression of human achievement. Young people, no matter what they intend to be, whether blacksmith or farmer, merchant or physician, should make it a study.

Nothing else will call out what is in a man more quickly and more effectively than the constant effort to do his best in speaking before an audience. When one undertakes to think on one's feet and speak extemporaneously before the public, the power and the skill of the entire man are put to the severest test.—Orison Swett Marden in Success Magazine.

NATION'S HEADS PRAISE PRELATE

Cardinal Gibbons Honored by President and Other Notables.

ROOSEVELT PRAISES SERVICE.

Devotion to People's Welfare Preserves Church's Influence—Cardinal Misses Daily Walk First Time in Years—Big Armory Crowded.

Baltimore, June 7.—For the first time in years, one of the very few of the twenty-five years he has been the only prince of the Catholic church in the United States, Cardinal Gibbons missed his afternoon stroll over the streets of Baltimore, where he listed to banker and to beggar and took to heart the troubles of his "people."

Instead of the walk that had become a feature of that part of the city in which he lived, the cardinal sat on the temporary stage in the Fifth regiment armory and listened to the great men of the nation speak in eulogy of his life. President Taft, Vice President Sherman, Chief Justice White, former President Roosevelt, Speaker Clark,

© 1911, by American Press Association.

CARDINAL GIBBONS.

Senator Root, Ambassador Bryce and former Speaker Cannon sat with the cardinal, and all of them except the chief justice spoke in praise of him.

The armory holds 15,000 people and it was crowded to the doors. Following Governor Crothers, who presided, President Taft made the first speech. He declared that the cardinal had ever been found on the side of constituted authority and that he believed that the ends of the church could best be realized where complete religious tolerance was granted.

Vice President Sherman brought greetings, he said, from the "greatest legislative body in the world."

When Mr. Roosevelt rose to speak the crowd cheered for half a minute while Speaker Clark held the watch. The former president declared that, if the criticism of the churches that they are losing their influence is to be refuted, the churches must make the rendering of service to the people their cardinal principle. This principle, declared Mr. Roosevelt, has been the guiding one of Cardinal Gibbons' life.

Senator Root and Speaker Clark both spoke in eulogistic vein of the work and influence of the prelate.

Cardinal Gibbons, in his address, lauded the chief executive, saying he feared we do not realize the anxious cares by which the president and his assistants are preoccupied.

SUSPENDS RATE REDUCTIONS

Commerce Commission Empowered to Hold Up Freight Tariffs.

Washington, June 7.—Power to suspend a reduction in freight rates is vested in the interstate commerce commission by law.

This was the determination of the commission in a decision announced in the Fort Worth and Oklahoma City packing house case. The application for a suspension in the case was denied.

The decision of the commission is of wide importance, not only on account of its application generally to similar situations throughout the country, but because the particular case in which the decision was rendered involved a conflict between the great meat producing interests of the country.

The whole question of rates on live stock and dressed meats and packing house products is now under consideration and the commission decided to await this inquiry before acting definitely on the complaint of the packing houses at Oklahoma City that the railroads are discriminating against them and in favor of the interests at Fort Worth.

Church of Brethren Discusses Dress.

St. Joseph, Mo., June 7.—At the first business session of the national conference of the Church of the Brethren the subjects of dress reform and exercise of the right of suffrage were discussed. The younger element favors a more liberal policy concerning the manner of dressing.

ADMITS ARSON; COMMITS SUICIDE

Dreyfus Confesses Hiring Men to Burn Place of Business.

THROWS LIGHT ON OTHER FIRES

His Statement Seems to Indicate That an Organized Band in Chicago Is Setting Fire to Buildings for a Cash Consideration.

Chicago, June 7.—Leopold Dreyfus of the firm of Dreyfus & Co. committed suicide after having confessed, the police declare, that he was a party to the burning of his place of business in Market street last Saturday.

The confession, according to the police, may throw light on other fires in the downtown district and is regarded by the officials as evidence of the existence of an organized band of incendiaries who, for a stipulated price, offer to set fire to business houses.

Suspicious circumstances in the fire, including the finding of several cans which had apparently contained gasoline, in the rooms occupied by L. Dreyfuse & Co., clothiers, caused a careful investigation to be made, and Dreyfus was questioned repeatedly by the police. Stripped of its details, the confession, in substance, the police say, was that two men approached Dreyfus and his brother about a week ago and offered to burn the building, fixing $5,000 as their price. Dreyfus is declared to have agreed to $2,000 and to have paid down $300, the remainder to be paid when the insurance was collected.

Dreyfus and his brother were arrested and after the confession Leopold Dreyfus was permitted to go to his home in the custody of a policeman. While in another room Dreyfus shot himself through the head, and when the policeman reached him he was dead.

The valuation set on the property of the company was $12,000. Fire Attorney Sullivan is co-operating with the police in an endeavor to learn more of the alleged incendiary band.

TITLES AT $500.000

Proposed That New Peers in England Furnish Funds for Theater.

London, June 6.—It is reported on good authority that the new peers to be created by the reform of the house of lords will build the proposed Shakespeare Memorial National theater.

Over $2,000,000 must be raised to insure the success of the project. It is said the plan is to whisper into the ears of half a dozen wealthy commoners that a donation of $500,000 to the National theater fund will be followed by the bestowal of the coveted title. It is further declared that certain members of the present radical cabinet have stamped the suggestion with the seal of their approval.

TWENTY-EIGHT EXECUTED

Mexican "Liberals" Put to Death After Capture in Battle.

Tucson, Ariz., June 7.—Twenty-eight Magonistos (Mexican Liberals who are opposed to Madero) were executed near Compania and Altar. The district has been cleared of Magonistos, who are classed by the provisional government as bandits. The twenty-eight executed were captured after a skirmish, in which there were a number of casualties on both sides. It is said the Maderist troops have orders to put all captured outlaws to death.
